JUAN GARCÍA-ALBEA

Full Stack Developer

PERSONAL BACKGROUND

I am from Madrid and I hold Msc in Telecommunications. I have lived in London for 7 years, working as a chef and a developer. Cooking and coding are my two passions.

In 2018 I decided to make a change in my career and go back to coding. I enrolled into the Just IT course in London, which resulted in a contract job. Recently, I completed IronHack web development bootcamp in Madrid. It was one of the the best experiences in my life.

I am now looking to work as a developer and be part of a progressive and creative team. I am eager to learn something new every day and particularly enjoy coding challenges.
